- REcosidering Thinking My Life events .. not my already handled ones, but my so to come variables, which is not in the hands of mine .. but in the hands of variables People .. Which their body chemistry controls thier rational, moods, degree of Kindness and the needs - the so far and the closer ones - .. Ordinary People and the majority of it .. I say ..

- .. حتى إنك تستطيع أن تقرأ قول الحق ::

The image shows a horizontal line of Arabic calligraphy in a stylized, elegant script. The text is a verse from the Quran: "وَمَا أَكْثَرُ النَّاسِ وَلَوْ حَرَصْتَ بِمُؤْمِنِينَ" (And what is more numerous than the people, even if you were to be diligent towards the believers). The verse is flanked by two circular decorative elements containing the numbers 13 and 14, indicating the verse number and chapter number respectively. The background is a solid light blue.

And, of course, there is amount, If I may say amount, of Chemistry allowed ..

- And there is the Preconstructed thoughts you have in mind about dealing with this small details in Life .. you, by time, change the style or the words of the dealing ,, only
- So, you use a high ranked People evaluation values in your method system, but less common. And I can see the usability of wording the meanings .. which is rather telling or advancing the talk or announcing or mentioning ..
